

THE GIANT PIGGY BANK

Brought to you by: **PEOPLES**
BANK

Open Every Thursday
before School 7:50-8:20am

The GIANT Piggy Bank is a student banking program, sponsored by Peoples Bank. It is designed to be FUN and EDUCATIONAL!

The two primary educational components:

1.) TEACH CHILDREN to SAVE!

It is critical to educate children and show the value and importance in saving for the future. This program highlights this along with teaching students how to complete a deposit envelope and gain other basic banking fundamentals. Older students also get on-the-job training as Student Bankers within the program.

2.) STUDENT BANKERS WANTED!

The GIANT Piggy Bank is run by students with assistance from bank and school staff. Older students will have opportunities to become "Student Bankers". All who "apply" will be accepted. This process allows your student to experience the real process of applying for a job and following a schedule. Student Bankers also learn about confidentiality, customer service and teamwork.

Why should my student join??

Along with the educational benefits of participating in the GIANT Piggy Bank, students also **earn interest** on the first **\$5,000** in the Student Savings Account.
